Connect & Engage Frontline Staff

Say goodbye to phone trees and big group text chains. Beekeeper helps you get important info to your employees in their preferred language and ensure they read it too.

Retain your best employees by creating a strong team culture, celebrating associates, and collecting feedback.

Save \$250K per 1,000 employees with easier access to information.

Onboard New Hires Fast

Save time on repetitive tasks by automating the delivery of welcome messages, training materials, onboarding tasks, and more.

Beekeeper's customizable onboarding templates allow you to provide a personalized onboarding experience to new employees.

Reduce turnover by 20%. Increase retention and improve team culture.

Improve Guest Experience & Productivity

Replace paper with digital checklists, manager on duty, incident reports, and more to save time and provide a better guest experience.

Reduce the time it takes to process forms from days to minutes. Form submissions are recorded automatically in Beekeeper, making it easier to keep track and stay compliant.

Save 5-7 hours for managers weekly by digitizing processes and shifts.

"Beekeeper has been critical in getting information out - from hotel openings, benefit enrollment, and more! Our CEO does his company-wide address on the platform. Every hotel has a stream to engage team members in workplace scheduling, guest requests and best practices."

Debra Punke

Chief Human Resource Officer, Concord Hospitality
